

LED Emergency Visor Light
LTE1735

Features:

- With state--of-the--art optical design and general3 LEDs the light delivers high brightness signals from vehicle to vehicle in a wide range.
- Easy flash pattern selection from the touch-off button on the back of light.
- High intensity suction cups positions and quantity are selectable on bracket according to windshield glass of different gradients .
- Dual portion flashes in each module enables more flexible flash patterns from a compact size.
- Lights can be adjusted in different angles with anti-loosing mechanical design on both ends for firm fixing against vibration.

Technical Specifications :

Model	LTE1735
Mounting	SUCTION-CUP
Rated Voltage	DC12V
Current draw	1.4±0.2A
Rated power	16W
Color options	Red,Blue,Amber,Clear
Net weight	0.52KG
Ambient temperature	-40℃~+75℃
